I have completed an Integration Course B1 (The certificate is maximum 12 months old)

#### How does a virtual classroom work?

A virtual classroom works like a convenient telephone conference with the help of a computer. Similar to Skype but still better – since the virtual classroom is especially made for this class. The computer monitor is the board and everyone can speak with one another directly via a headset.

In a virtual classroom you can also meet participants from other city libraries. – Together you can learn German.

We offer different courses at different timings.

Are you interested? – Do you want to participate?

➤ **Then contact the city library in Ludwigsburg.**

**Registration Deadline: 15th September 2017**
